

# Update on the JAANC outreach project Jamaica, October 2018

**Project Personal Hygiene and school supplies** that were donated on behalf of JAANC and friends of the association.

My team and I visited and donated personal hygiene items to **Melody House for girls** and **Flankers Primary School** on behalf of JAANC.

The personal hygiene products were well received and really appreciated - antiperspirant, bar soap, sanitary pads, toothpaste and toothbrush, shampoo & conditioner, hair care products, lotion, blow dryers, and pens & pencils.

We also donated school supplies (composition book, pens, pencils, sharpeners, ruler, erasers, crayons, and glue) to **Glendevon Primary School**

We served around 100 children between Melody House for girls, Flankers and Glendevon Primary school
