Dear Miss March

The Board of Management, Staff and girls of the Montego Bay Community Home for Girls “Melody House” wish to thank you and your team from the Jamaican Association of Northern California (JAANC), most sincerely for the way you have impacted the lives of our girls through your love, support and donations.

We are truly grateful

We look forward to your continued assistance and your planned projects for the home, as together we try to better the lives of some of the girls and young women in our society.

God bless you.

Yours truly
