Dear Sir/Madam,

The Jamaican American Association of Northern California has made an invaluable contribution to my tertiary education and for that, I am truly grateful to your organization. Financing one's tertiary education can prove to be a tremendous feat especially when one comes from a humble background. The grant awarded to me has helped to make my sojourn at the University of the West Indies less difficult.

I am one step closer to achieving my goal of becoming a medical doctor and making my contribution towards helping fellow Jamaicans to lead full and rewarding lives. I truly thank you for investing in my future.

Yours respectfully,

 _____
