

My 2010-2011 school year was probably my favorite so far. It was my last year at Middle Georgia College and I enjoyed every minute of it. I took some of my favorite classes, including Sociology, Psychology and Humanities. I also took a Spanish class in which we got to read a play entirely in Spanish. I spent a lot of my time working on the Social Committee. We planned fund raisers, bake sales and a plethora of other activities. Among all of these activities and classes, I am proud to say that in my last semester I earned my first 4.0 semester! I thoroughly enjoyed my time spent at Middle Georgia and plan to attend Georgia Southern University in the fall. My JAANC scholarship was applied directly to my tuition, which allowed my family to direct our finances elsewhere. We were able to give my son a great 2nd birthday party and we are now saving up for him to visit his great-grandmother in England! Thank you JAANC for making last year at Middle Georgia so memorable.
